

# Abu Dabab

(Bus trip)

**Distance:** 25 minutes by minibus in south direction.

**Description:** One of the most famous dive sites in the Red Sea. Abu Dabab is a shore dive, as no boats are allowed to enter the bay. In the big sea grass meadow you can find the famous dugong and the possibility for both, large and small sealife. The corals on both sides of the bay are amazing and due to the shallow depth very colorful. This is a perfect place for underwater photographer. Entry is from the beach.

**Flora and Fauna:** Green sea turtles, guitar sharks, dugong, sting rays, moray eels, goatfish, scorpion fish and a lot of micro items.

**Difficulty:** Well protected bay with gentle current. Suitable for all diver levels and snorkeler.

**Depth:** 1 – 30 meter
