

Abu Saile

(Boat trip)

Distance: 65 minutes by boat south from Port Ghalib

Description: One of the best coral gardens you can find in the Marsa Alam area. The boat moors in a natural lagoon. East of the mooring place is a big pinnacle rising from more than 30 meter from the sand ground. The south side is a wall richly encrusted with corals. The north side is a shallow dive in an impressive coral garden. Entrance from the boat platform or drift dive by zodiac.

Flora and Fauna: A dense coral growth is characteristic for this place. Around the intact hard corals you can find turtles, rays, goatfish, clouds of anthias, pufferfish, pegasus, shrimps and sometimes even a sleeping white tip shark.

Difficulty: Easy diving, less current. Perfect for all diver levels and snorkelers

Depth: 5 – 35 meter
