

Dolphinhouse

(Snorkel Boat trip)

Distance: 55 minutes by bus and 45 minutes by boat in south direction.

Description: The reef has the shape of a horseshoe. On both ends, you can find some smaller reefs reaching until the surface. The Dolphin House is the sleeping room of the dolphins, where they couple and bear their children. Therefore, it was subdivided in three areas. Area A is only for dolphins and nobody is allowed to enter there. Area B is for snorkelers only and Area C is also allowed for divers.

Flora and Fauna: One of the best place to see dolphins in their normal habitat. Between the colorful corals, you find shoals of all kind of reef fishes.

Difficulty: Easy, very mild current. Only for snorkeler.

Depth: 5 -25 meter
