

# Halg El Shunee

(Bus trip)

**Distance:** 20 minutes by bus in south direction

**Description:** The entry leads through a small channel and a tunnel. The south side is a wall overgrown with hard and soft corals. It is sloping down until more than 30 meter. In the north side, you find a big block with some cleaning stations. If you continue northwards, you find another wall covered with many beautiful hard coral.

Entrance from the beach.

**Flora and Fauna:** Garden eels, barracudas, moray eels, snapper, anthias, grouper, turtles, nudibranch

**Difficulty:** Easy to middle. Suitable for all diver levels, no snorkelers. Booties required.

**Depth:** 2 – 30 meter
