

Shaab Marsa Alam

(Boat trip)

Distance: 50 minutes by bus and 20 minutes by boat south-east from Marsa Alam

Description: Shaab Marsa Alam is a 790-meter long reef located 4 km off shore. Due to its length, the reef offers several dive profiles. A large and magnificent coral garden can be found in the northwestern side and a smaller one in the eastern side. At the mooring place, you can find the wreck of the "Legend", a sunken safari boat. Unfortunately, the wood rots more and more. In the middle of the reef, you can find some small caverns.

Entrance from the boat or drift dive from the zodiac.

Flora and Fauna: Different kind of soft and hard corals, moray eel, porcupine fish, cuttlefish, grouper, butterfly fish, crocodile fish and scorpion fish.

Difficulty: Easy, very little current. Suitable for all diver level and snorkelers.

Depth: 5 – 20 meter
