

Youseff

(Speedboat)

Distance: 5 minutes in south direction from our jetty

Description: An old fisherman named Youseff lived and worked for many years on the beach. Here the fringing reefs forms a small, protected bay. The sand bottom in the bay reach 22 meter before it drops down to more than 50 meter. On the sand, the coral formed some big blocks coming up until 10 meter depth. Entrance with backwards roll from the speedboat.

Flora and Fauna: Wonderful soft corals, scorpion fish, trigger fish, parrotfish, moray eel, snapper and grouper are living here.

Difficulty: Easy, mild current. Suitable for all diver levels, not for snorkelers.

Depth: 7 – 30 meter
