

Zerib Kebir

(Bus trip)

Distance: 40 minutes by minibus in north direction

Description: A very interesting underwater landscape. Many canyons and caves are characteristic for this place. In the south, you find a small but beautiful coral garden. The north side is a wall overgrown with hard corals in very good conditions. Zerib Kebir has many hidden places to discover.

Easy entry from the beach.

Flora and Fauna: Snapper, grouper, trigger fish, scorpion fish, moray eels, puffer fish, nudibranch and with luck ghost pipe fish can be found between the wonderful hard corals.

Difficulty: Easy, mild current. Suitable for all diver levels and snorkeler. For divers booties suggested.

Depth: 1 -35 meter
